

9-DOT

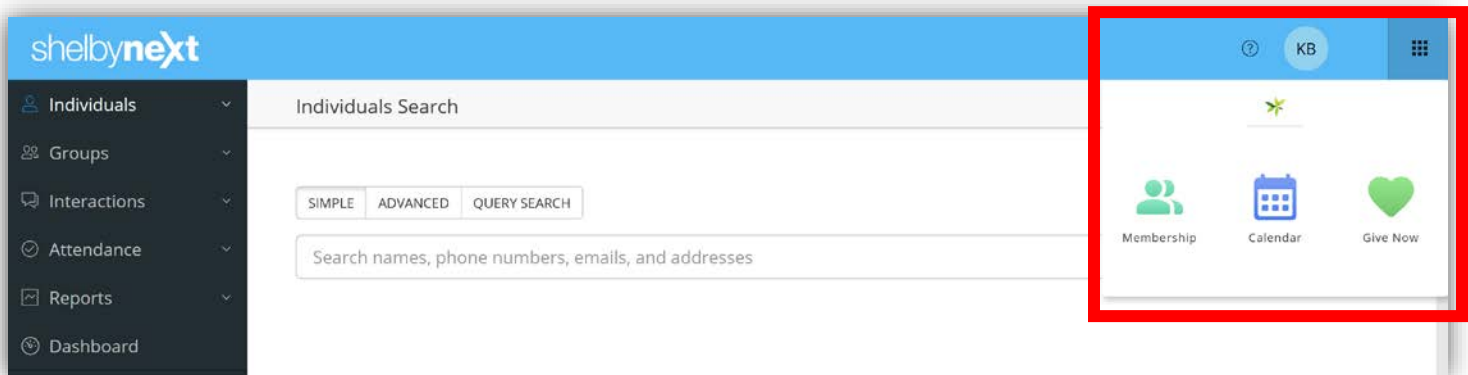

All of your Shelby applications are getting easier to access with the introduction of the 9-DOT navigation. With the new quick link in the top right corner of the menu, you'll be able to navigate between Shelby products more easily. The 9-DOT also includes 'More Ways to Help Your Ministry' which displays additional solutions that could help your ministry.

The possible applications displayed in the 9-DOT are refined based on user roles so that the right users see the right options. For example, an Administrator might see Membership, Give Now, Calendar, Ministry One, and other Administrative areas as well as the 'More Ways to Help Your Ministry', while a church member only sees those options relevant to them.

Administrator

Church Member

9-DOT currently exists in ShelbyNext Membership, ShelbyNext Giving, and MinistryOne with plans to introduce it to Arena, and ShelbyNext Financials soon.
